

Mini Mash Home Learning Tasks

Matching pairs: Go to the 'Games' section (on the table). Scroll along and select the 'Pairs – 8 cards' section. You may have played some of these games before. If you continue to scroll to the end, you will find a 'zoo animals' matching pairs game.

Go to the 'Pin' symbol (top right hand corner) & click on it. You will then find a section called 'Zoo'. Click on this to access a range of tasks related to zoo animals.

Go to your tray. Inside you will find a 'Desert picture' sheet. Use the pens to draw and colour one or more animals that live in the desert, then save your picture into your tray.

Can you make a chart of wild animals? Look in your tray and find your chart, then put in these animals:

3 lions, 5 parrots, 2 giraffes, 6 monkeys, 1 crocodile, 4 zebras.

Which is your favourite wild animal?
